Fairmont/Columbia Lake, Fairmont Hot Springs, British Columbia

Click brochure link for more details* Uncover what it means to experience a truly low-maintenance, mountain lifestyle here at 4834 Mountain View Drive. This high-performance, 4 bed + den/office, 4 (2 full/2 half) bath, home is destined to stand as one of the most coveted residences in the Valley. High-grade (Step 4) efficiency keeps you cool in the summer and toasty warm in the winter at astonishingly low rates. For reference, the hydro bills over the coldest winter period (when temperatures were consistently below -20C) were just over \$150/month. The innovative system also keeps allergens low with improved air quality while avoiding the need for a secondary HVAC system. Exceptional soundproofing creates a haven of peace amidst the scenic mountains (though the neighbourhood is extremely quiet.) The 700 sqft, uncovered deck features mountain views and is covered in Duradek with a guaranteed 20-year lifespan. The exterior of the home features cultured stone, LP Smart board & batten and metal lap siding. Mature trees frame the home, with a southwest-facing front yard that is perfect for a garden, fire pit, or whatever your heart desires. The extended property to the south of this home is owned by Fairmont Resort, with no plans for development to maintain the natural surroundings for the community. Once Spring

hits, we will be seeding the surrounding ground and planting a selection of trees and shrubs. (id:36535)
